Marcus J. Goodspeed, CPPS Cambridge: Harvard University Press, 1950产神的权柄与教会、世界、国家(On the City of God Against the Pagans (Latin: De civitate Dei contra paganos), often called "The City of God," is a book of Christian philosophy written in Latin by Augustine of Hippo in the early 5th century AD. The book was Augustine's greatest work and is one of the most important books in the history of Western philosophy, theology, and literature. It is a work that, alone, is almost half of Aristotle's surviving works and is considered one of the greatest works of Western philosophy and theology. The City of God examines the nature of good and evil, the role of God in human affairs, and the relationship between the spiritual and the physical world. It is a work that has been influential in the development of Western thought and is still widely read today. The City of God is a work that has been influential in the development of Western thought and is still widely read today.
